

Hemorrhoid Pain Relief- The truth Will Shock You!

You are a victim of **hemorrhoids** you will likely have experienced the uneasy pain associated with your ailment, you would have also had to live with the Irritation, swelling, bleeding and embarrassment. I know just what you are transferring through!, I was a chronic **hemorrhoid** victim myself I was too embarrassed to talk about the problem with anyone, picking rather to be able to go to the drugs store to buy all sorts of hemorrhoid treatment options that I could lay my hands on. Get to know more about the symptoms of hemorrhoids by downloading a free book here)

Most of these common treatments did help to relieve the symptoms but none of them was able to cure me once and for all and so the symptoms just kept coming back. I did get rid of my nasty little creatures in the end but is certainly had not been as a result of any conventional hemorrhoid products I tried. I intend to use this moderate to be able to reveal the truth about the products I tried as well as what brought me real hemorrhoid pain relief and a long-term cure. Learn more about the best effective long term cure regarding hemorrhoids.

Truth 1-Conventional Products Simply Give Temporary Relief

Hemorrhoids or **piles** are abnormally dilated and swollen veins in the area of the low rectum and anal region.. **External hemorrhoids** typically project away from anus and **internal hemorrhoids** can be placed inside the anal canal, although they too can thrust outward out of the anus to create prolapsed internal hemorrhoids. To learn more about hemorrhoids click on the links in the last paragraph below to be able to download a free of charge book on hemorrhoids.

“ There is a definite belief, particularly with external hemorrhoids that hemorrhoid pain relief can be achieved with the use of products or ointments which are packaged in tubes. Today here's the truth. These products are only a short-term fix. Before too long (usually when the ointment has run out), the hemorrhoids will raise their very ugly heads again and you're back at the drug store again. So you keep spending hard earned cash over and over again to purchase the same drugs! This steadily drains your pocket. Not only that but these conventional products sometimes contain harsh chemicals that can bring nasty side-effects such as diahorrea, nausea or headaches. Every one of these will only add to the misery you are already passing through. Who desires to feel worse than they do already?

Truth 2- Permanent Long-Term Hemorrhoid Pain Relief Comes from Within

Hemorrhoids are most often caused constipation helping to make one to strain overly when passing stools. The most important step in treating hemorrhoids is the prevention of constipation, you have to make your stools softer and easier to pass out. To achieve this you have to consume high fiber foods such as whole grains, nuts and vegetables to bulk out stools and citrus fruit, oatmeal, barley, psyllium and flax seeds to make stools softer. Drink plenty of water and avoid too mush tea, coffee, alcohol consumption and spicy foods.

Squat as opposed to sit on the toilet as this will keep the anal canal directly as it's supposed to be. If you resolve constipation, you will end up half-way in order to healing the unpleasant little monsters you already have and it will reduce the symptoms of those you already have. Long term hemorrhoid pain relief has to come from within. (Click here to know five vegetables and fruits that if taken merely once weekly may prevent constipation forever)
